1 Updated from graphs in (Bell, 2010), where searches were done in early 2009. It is interesting to note differences with Scholar.google picking up older references (perhaps via institutional research repositories) and the blog search losing hits (perhaps through more sophisticated elimination of duplicates).

Social innovations are new social practices that aim to meet social needs in a better way than the existing solutions, resulting from - for example - working conditions, education, community development or health. These ideas are created with the goal of extending and strengthening civil society. Social innovation includes the social processes of innovation, such as open source methods and ...

1.. Introduction In the last decade 'systems of innovation'™ has emerged as a new topic on the research agenda of innovation studies. It has opened up a promising strand of study, in which the scope of analysis has been broadened from artefacts to systems, from individual organisations (often firms) to networks of organisations.

Flexicurity (a portmanteau of flexibility and security) is a welfare state model with a pro-active labour market policy. The term was first coined by the social democratic Prime Minister of Denmark Poul Nyrup Rasmussen in the 1990s.. The term refers to the combination of labour market flexibility in a dynamic economy and security for workers.. The Government of Denmark views flexicurity as ...
