where she teaches International Political Economy of Childhood. The focus of her research is on how global processes and structures interact with practices of childhood in local contexts, and how this dialectic between

the global and the local impacts on children's lives and on practices of childhood.

### **Childhoods at the Intersection of the Local and the Global**

The second edition of this compelling and popular book offers a unique global perspective on children's lives throughout the world. It shows how the notion of childhood is being radically re-shaped, in part as a consequence of globalization. Taking an engaging historical and comparative approach, the book explores social issues such as how children are constituted as raced, classed and ...

### **Childhood in Global Perspective - Karen Wells - Google Books**

Changing Childhoods: local and global looks at the obstacles that many children face which make childhood both a local experience and a global concern. Topics include the effects of poverty and other adversities, including violence, on children's health and well-being.

### **Changing childhoods: local and global by Woodhead, Martin**

Abstract This paper agrees that universal models of childhood must be unpacked in order to reveal the diversity of 'other childhoods' in the global south, but argues that local, culturally specific understandings of childhood also need to be theorised and deconstructed.

### **Theorising other, 'other childhoods': Issues emerging from**
