

### **nursing research reading using pdf**

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

The Crimean War was a significant development in nursing history when English nurse Florence Nightingale laid the foundations of professional nursing with the principles summarised in the book Notes on Nursing. A fund was set up in 1855 by members of the public to raise money for Florence Nightingale and her nurses' work. In 1856, £44,039 (equivalent to roughly over £2 million today) was ...
