Background. The Devil Wears Prada began writing for With Roots Above And Branches Below after attending 2008's Warped Tour. They started performing "I Hate Buffering" for live audiences for the remainder of the tours they were on that year. They began production and recording of the album during early 2009, while so, vocalist Mike Hranica stated "We're really excited for this album.

A banyan, also spelled "banian", is a fig that begins its life as an epiphyte, i.e. a plant that grows on another plant, when its seed germinates in a crack or crevice of a host tree or edifice. "Banyan" often specifically denominates *Ficus benghalensis* (the "Indian banyan"), which is the national tree of the Republic of India, though the name has also been generalized to denominate all figs ...

Tree Roots: Facts and Fallacies Thomas O. Perry A proper understanding of the structure and function of roots can help people become better gardeners. Plant roots can grow anywhere-in the soil, on the surface of the soil, in the water, and even in the air. Except for the first formed roots that respond positively to gravity, most roots do not grow toward anything
