Mammal classification has been through several iterations since Carl Linnaeus initially defined the class. No classification system is universally accepted; McKenna & Bell (1997) and Wilson & Reader (2005) provide useful recent compendiums. George Gaylord Simpson's "Principles of Classification and a Classification of Mammals" (AMNH Bulletin v. 85, 1945) provides systematics of mammal origins ...

In Inuyasha, Kagome, Shippo, Sango, Miroku, and Kirara all routinely fall victim to this trope whenever they go into battle teamed up with Inuyasha. Despite the fact that all of them have at least a few skills that could contribute to victory, Inuyasha usually does almost all or all of the heavy lifting in combat, and he virtually always is the one to deliver the final killing blow.
