The State of World Fisheries and Aquaculture 2016

World War II (often abbreviated to WWII or WW2), also known as the Second World War, was a global war that lasted from 1939 to 1945. The vast majority of the world's countries—including all the great powers—eventually formed two opposing military alliances: the Allies and the Axis. A state of total war emerged, directly involving more than 100 million people from over 30 countries.

World War II - Wikipedia

World War II was the deadliest military conflict in history. An estimated total 70-85 million people perished, which was about 3% of the 1940 world population (est. 2.3 billion). The tables below give a detailed country-by-country count of human losses.

World War II casualties - Wikipedia

Almost half the world — over three billion people — live on less than \$2.50 a day. At least 80% of humanity lives on less than \$10 a day. Source 1. More than 80 percent of the world's population lives in countries where income differentials are widening.
